

# Vertical Laptop Stand Holder

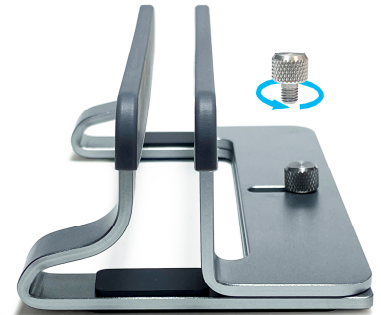

Adjustable Slot Width (14.8mm – 27mm/ 0.6"-1.08")

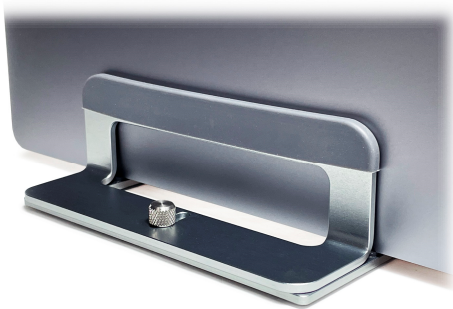

Crafted from sleek aluminum alloy, this vertical laptop stand holder supports MacBook laptops up to 16 inches. Its adjustable width, ranging from 14.8 mm (0.58 inches) to 27.6 mm (1.08 inches), is easy to customize by hand, thanks to a tool-free bolt mechanism. Non-toxic silicon safeguards your laptop, preventing scratches and ensuring stability. With the optional model of VLS-2S, a dual-slot design, it's perfect for organizing multiple laptops simultaneously.

## Simple to Operate with Just a Twist

The adjustable mechanism is brilliantly simple and efficient, featuring a user-friendly bolt that can be tightened or loosened by hand, eliminating the need for any additional tools.

## Scratch-Resistant

The stand holder features a thoughtful touch of non-toxic silicon material, not just mats but also caps on top frame, providing comprehensive protection for your laptop against scratches while ensuring it remains securely in place.

## Widely Laptop Compatible

The vertical laptop stand holder can work with MacBook Pro 13" 14" 16", MacBook Air, Microsoft Surface Book, Lenovo Ideapad 3, Acer Aspire 5, ASUS TUF F15 Gaming Laptop, HP Notebook, Dell Chromebook, Samsung Galaxy Book etc.

## Dimension

The vertical laptop stand holder effortlessly accommodates MacBook laptops up to 16 inches in size. Its versatile design allows you to adjust the width, ranging from a mere 14.8mm (0.58 inches) to a generous 27.6mm (1.08 inches).
